The Honorable Alan Cranston
U.S. Capitol
Washington, D.C. 20510

Dear Senator Cranston,

I am writing to urge your support and vote for S.1575. This bill will provide funds for voluntary AIDS antibody testing with required counseling, mandate strict confidentiality protections for people who test positive for antibodies to HIV, and outlaw discrimination against people with AIDS or those who test positive for the virus.

I think that this bill offers a practical, humane, and scientific approach to a very complex and ethical problem. Please give it your close consideration.

Sincerely

Robert H. Jessop
